

Minutes of Meeting 4

Date: 26/11/2023

Time: 7:30 PM

Attendees:

- Salma Ayman 202201191
- Malak Ahmed 202200812
- Shahd Hossam 202100936

Meeting agenda:

- Re-evaluate our design choices
- Assess the viability of the perspective we have of the project
- Share any thoughts any team member might have about the project
- Revise our plan for the upcoming week

Minutes:

1. We had some concerns about using flask and decided on doing more research before coming to an agreement. The research includes finding libraries and frameworks that are going to help us integrate our backend component and frontend components.
2. We distributed the research subjects amongst the team members.

Tasks distribution:

- Test the viability of flask and how we may use it efficiently: Malak
- Look for useful libraries that are crucial to the project: Salma & Mohaned
- Look for similar projects and how their data was stored: Shahd

Next step:

Finding the libraries, resources and introducing them to the team members.

Next meeting:

On 26th of November to discuss our findings and to come to a conclusion.
